## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors  
Huntleigh Securities Corporation  
St. Louis, Missouri

We have audited the accompanying statement of financial condition of Huntleigh Securities Corporation (a Missouri corporation) as of December 31, 2016, that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. Huntleigh Securities Corporation's management is responsible for this statement of financial condition. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of Huntleigh Securities Corporation as of December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

The supplemental schedules included at pages 14 - 16 have been subjected to audit procedures performed in conjunction with the audit of Huntleigh Securities Corporation's statement of financial condition. The supplemental information is the responsibility of Huntleigh Securities Corporation's management. Our audit procedures included determining whether the supplemental information reconciles to the statement of financial condition or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statement as a whole.

## Notes to Financial Statements

December 31, 2016

---

### Note A - Summary of Significant Accounting and Reporting Policies

#### Nature of Operations

Huntleigh Securities Corporation (the "Company") was incorporated on May 12, 1977. The Company is a registered broker-dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority.

In August 2008, the Company converted from a clearing broker-dealer to an introducing (fully-disclosed) broker-dealer and transferred proprietary accounts as well as all cash and margin accounts of customers to First Clearing, LLC ("First Clearing" or "FCC"). As a result of this conversion, the Company no longer carries customer accounts or performs clearing functions, and clears customer transactions with First Clearing on a fully-disclosed basis as an introducing broker (see also Note N). In August 2008, a five year clearing agreement was entered into with FCC. This original agreement was extended for two years, and the agreement was extended for an additional four years on September 1, 2015.

In August 2016, Huntleigh Securities entered into an agreement with an investment advisory firm in Puerto Rico. At the time the agreement was entered into, the broker-dealer the Puerto Rican advisory firm was associated with ceased operations under pressure from regulatory agencies. This agreement with the advisory firm includes an expense sharing agreement, specifying the revenues retained by Huntleigh Securities, and the commissions and expenses paid to the advisory firm by Huntleigh Securities. No personnel retained by the advisory firm are subject to any adverse regulatory actions associated with the broker-dealer whom ceased operations.

#### Use of Estimates in Financial Statement Preparation

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

For purposes of reporting cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. The Company's cash and cash equivalents are on deposit with a major domestic financial institution. At times, bank deposits may be in excess of federally insured limits.

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note A - Summary of Significant Accounting and Reporting Policies (Continued)

#### Securities Owned

Securities owned typically consist of stocks, bonds, money market, and other investments. The Company classifies its investments as trading securities. Securities are bought and held principally as inventory for the purpose of sales in the near term.

Securities owned are valued at fair value as determined by management in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value* (see Note D). The resulting differences between cost and estimated fair value are reflected in current period earnings. Fair values are generally based on prices from independent sources, such as listed market prices or broker or dealer price quotations.

#### Property and Equipment

Property and equipment are carried at cost less accumulated depreciation. Expenditures for maintenance, repairs and minor renewals are charged to operations as incurred; expenditures for betterments and major renewals are charged to the property and equipment accounts.

Depreciation of equipment is computed using accelerated methods over the estimated useful lives of the assets. Amortization of leasehold improvements is provided on a straight-line basis over the lesser of the terms of the related lease or the useful lives of the assets.

When assets are retired or otherwise disposed of, the costs and related accumulated depreciation/amortization is removed from the accounts; gains or losses resulting therefrom are included in the statement of operations.

#### Fair Value of Financial Instruments

Management estimates that the aggregate net fair market value of financial instruments recognized in the statement of financial condition approximates their carrying value (see also Note J).

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note A - Summary of Significant Accounting and Reporting Policies (Continued)

#### Recognition of Revenues

Commissions, fee income, principal transactions, and related clearing expenses are recorded on a trade date basis. The Company receives commissions on securities transactions sold by its financial advisors. The Company receives the gross amount of commissions due from the transactions and remits a percentage of that amount to the financial advisors based on a formal commission payout schedule maintained with each financial advisor and/or branch licensee.

At December 31, 2016, management considers all commissions receivable as collectible, therefore, an allowance for uncollectible amounts is not necessary.

Investment banking revenue is recorded when a financing arrangement is completed and the related income is reasonably determinable and has been earned. Investment banking revenues primarily include fees earned from providing merger-and-acquisition and financial restructuring advisory services. Investment banking also includes management fees and underwriting fees, net of syndicate expenses, arising from securities offerings in which the Company acts as an underwriter agent.

#### Income Taxes

Current income taxes are based on the taxable income for the year, as measured by the current year's tax returns. Deferred income taxes arise primarily due to differences between the basis of property and equipment, net operating loss carryforwards, compensation expense pursuant to previous issuances of stock options, and recognition of reserves against receivable balances. Deferred tax assets represent the future tax benefits of those differences, which will be deductible when the assets are recovered. Deferred tax liabilities represent the future tax consequences of those differences, which will be payable when the assets are recovered or liabilities settled.

The Company has addressed the provisions of FASB ASC 740-10, *Accounting for Income Taxes*. In that regard, the Company has evaluated its tax positions, expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings and believes that no provision for income taxes is necessary at this time to cover any uncertain tax positions.

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note A - Summary of Significant Accounting and Reporting Policies (Continued)

#### Equity Incentive Plan

The Company has adopted the fair value recognition provisions of FASB ASC 718, *Stock Compensation*, which establishes accounting and reporting standards for share-based payment transactions with employees, including equity incentive plans. Under this pronouncement, compensation expense is recognized over the associated vesting period and is based on the fair market value of the stock options on the grant date.

#### Subsequent Events

The Company evaluated all subsequent events through February 25, 2017, the date the financial statements were available to be issued.

### Note B - Clearing Broker-Dealer Deposits

The Company is contractually obligated to maintain a deposit account at First Clearing. As designated by the terms of the agreement, the deposit account shall at all times contain cash, qualified securities, or a combination of both having a market value of at least \$250,000. This amount is included in deposits with clearing organizations in the accompanying statement of financial condition.

### Note C - Property and Equipment

Property and equipment consists of the following:

Furniture and equipment	\$ 220,237
Leasehold improvements	<u>129,097</u>
	349,334
Less accumulated depreciation and amortization	<u>(338,274)</u>
	<u>\$ 11,060</u>

### Note D - Fair Value Measurement of Assets and Liabilities

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market.

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note D - Fair Value Measurement of Assets and Liabilities (Continued)

Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 – Valuation is based on quoted prices in active markets for identical instruments in active markets.
- Level 2 – Valuation is based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.
- Level 3 – Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of the markets, and other characteristics particular to the security. To the extent that the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

### Note D - Fair Value Measurement of Assets and Liabilities (Continued)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2016:

		Quoted Prices In Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)
	<u>Fair Value</u>		
<u>December 31, 2016</u>			
Assets:			
Trading securities:			
Money Market	\$ 3,578	\$ 3,578	\$ -
Equities	\$ 1	\$ 1	\$ -
Total Assets	\$ 3,579	\$ 3,579	\$ -

### Note E- Note Payable

The Company has a short-term obligation for an insurance policy purchased in 2016. The Company financed \$40,390 of the policy, at an interest rate of 3.75%, with 10 monthly payments beginning in July 2016. The note will mature in April 2017, and has a principal balance of \$10,421 as of December 31, 2016.

### Note F - Commitments

The Company and its subsidiaries have obligations under operating leases with initial noncancelable terms in excess of one year. Aggregate annual rentals for office space and equipment at December 31, 2016, are listed as follows:

2017	\$412,833
2018	370,568
2019	350,413
2020	797

Certain leases contain renewal options and escalation clauses.

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note G - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's (the "SEC") Uniform Net Capital Rule (SEC Rule 15c3-1) of the Securities Exchange Act of 1934, which requires the maintenance of minimum Net Capital. The Company has elected to use the alternative method, permitted by the Rule, which requires that the Company maintains minimum Net Capital, as defined, equal to the greater of \$250,000 or 2 percent of aggregate debit balances, as defined. The Net Capital Rule of the SEC also provides that equity capital may not be withdrawn or cash dividends paid if resulting Net Capital would be less than the greater of: 5 percent of aggregate debit items or 120% of the minimum Net Capital requirement. At December 31, 2016, the Company had Net Capital of \$339,805, which was \$89,805 in excess of the required minimum, and \$39,805 in excess of 120% of the required minimum.

At December 31, 2016, the Company is exempt from the provisions of SEC Rule 15c3-3 under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k) (2) (ii) of the Rule. As an introducing broker, the Company clears customer transactions on a fully-disclosed basis with First Clearing.

### Note H - Stock Options

The Company has granted certain registered representatives 404,822 non-qualified stock options to purchase shares of common stock at a future date at an exercise price of \$0.001 per share. Fifty percent of the total options vested on each January 1 of the years 2013 and 2014.

Upon exercise, the voting rights for the stock shall be held in a voting trust with the registered representatives being board members of the trust. The stock may be redeemed by the Company not sooner than one year after the end of the year in which the options have been exercised and shall be redeemed by the Company at the then current fair market value of the stock. Not more than 20% of the stock may be redeemed in any one year and the right to redemption shall be contingent upon the Company maintaining a certain excess Net Capital level subsequent to the redemption.

Effective with the inception of the plan, the Company adopted the fair value recognition provisions of ASC 718, *Stock Compensation*. Under ASC 718, the Company determines the fair value of the stock options using the Black-Scholes valuation model. ASC 718 requires the Company to recognize expense over the service period for options that are expected to vest and record adjustments to compensation expense at the end of the service period if actual forfeitures differ from original estimates.

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

### Note H - Stock Options (Continued)

As of December 31, 2016, total unrecognized compensation cost related to stock options, net of estimated forfeitures, was \$0. During 2016, there were no options exercised or forfeited.

Common stock option activity during the year ended December 31, 2016 is as follows:

	Number of Units	Weighted Average Exercise Price
Balance as of January 1, 2016	404,822	\$ 0.001
Granted	-	-
Forfeited	-	-
Balance as of December 31, 2016	<u>404,822</u>	<u>\$ 0.001</u>

The Company used the Black-Scholes option pricing model in calculating the fair value of options granted. The assumptions used and the weighted-average information for options granted has been summarized in the following table:

Risk-free interest rate	2.0%
Expected dividend yield	-
Expiration date	10 years
Expected volatility	60.0%
Grant date fair value of stock options granted	\$0.25

At December 31, 2016, the number, exercise price, weighted-average remaining contractual life of options, and number of options currently exercisable are as follows:

<u>Number</u>	<u>Weighted-Average Exercise Price</u>	<u>Weighted-Average Remaining Contractual Life in Years</u>	<u>Number Currently Exercisable</u>
404,822	\$ 0.001	5.08	404,822

### Note I - Income Taxes

Deferred income tax assets and liabilities result from future tax benefits and obligations related to the difference between the tax basis of assets and liabilities and the amounts reported in the financial statements. The deferred tax assets at December 31, 2016 are comprised of the following:

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note I - Income Taxes (Continued)

#### Assets

Deferred tax assets	\$ 873,500
Less valuation allowance	<u>(503,000)</u>
	<u>\$ 370,500</u>

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Deferred tax assets (liabilities) were as follows at December 31, 2016:

Net operating loss carryforwards	\$ 629,000
Reserves against receivable balances	132,000
Recognition of accrued contingencies	25,500
Accrued salaries and bonuses	33,000
Deferred stock compensation	30,000
Basis of property and equipment	<u>24,000</u>
	<u>\$ 873,500</u>

In 2016, the Company's effective income tax rate is higher than what would be expected if the federal statutory rate were applied to income from continuing operations primarily due to permanent differences resulting from certain expenses incurred which are not deductible for income tax purposes like meals and entertainment.

Valuation allowances are established, based on the weight of available evidence, when it is more likely than not that some portion or all of the deferred tax assets will not be realized. At December 31, 2016, the Company has available net operating loss carryforwards of approximately \$2,096,000 for income tax reporting purposes, expiring during the years 2022 through 2035. The net operating loss carryforwards give rise to a deferred tax asset of approximately \$629,000 at December 31, 2016, which has been reduced by a valuation allowance of \$503,000. The valuation allowance was not adjusted in 2016.

### Note J - Financial Instruments with Off-Balance Sheet Risk

The Company's customers' accounts are carried by the carrying broker-dealer. Execution and clearing services are also performed by the carrying broker-dealer. The agreement between the Company and the carrying broker-dealer stipulates that all losses resulting from the Company's customers' inability to fulfill their contractual obligations are the responsibility of the Company. As designated by the terms of the arrangement, the Company carries a deposit with the broker-dealer in the amount of \$250,000 (see Note B).

# HUNTLEIGH SECURITIES CORPORATION

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note K - Contingencies

The Company may be subject to a potential regulatory proceeding incidental to its business that was pending at year end. Management has evaluated the proceedings and status thereof and, in applying the guidance from ASC 450, *Contingencies*, reached the conclusion that a contingency reserve in the amount of approximately \$75,000 was necessary at December 31, 2016. This amount is included in accounts payable, accrued expenses, and other liabilities in the accompanying statement of financial condition.

The Company reached settlement in a suit in a prior year that resulted in the opposing party being awarded 30,000 phantom shares of the Company's common stock. The phantom shares have terms for redemption, which are governed by restrictions for payment, contingent upon the Company's resulting net capital. At December 31, 2016, there was no initiation of activities pursuant to redemption of any of the shares.

### Note L - Employee Benefit Plan

The Company has a 401(k) plan for all employees meeting certain eligibility requirements. The Company can elect, at its discretion, to match a certain percentage of employee compensation contributed to the plan, not to exceed the amounts as permitted under the Internal Revenue Code.

### Note M - Related Party Transactions

The Company provided introductory brokerage and trade services for a correspondent firm that is related to the Company under common ownership. Transactions between the entities were executed and subject to all compliance rules and regulations common in the securities industry. Included in payables to broker-dealer and clearing organization at December 31, 2016 was \$2,725 payable to this firm.

The Company provided introductory brokerage and trade services for an investment advisory firm that is related to the Company under common ownership. Transactions were executed and subject to all compliance rules and regulations common in the securities industry. Included in accounts receivable at December 31, 2016 was \$8,205 of amounts receivable.

The President and primary stockholder of the Company is Chairman of the Board of one of the financial institutions with which the Company conducted business during the year ended December 31, 2016.

## Notes to Financial Statements - Continued

December 31, 2016

---

### Note M -Related Party Transactions (Continued)

The Company has advanced funds to employees and has recorded receivables in relation to certain securities trading losses. Employee and other receivables are reflected in the accompanying statement of financial condition and total \$491,502, which includes a reserve of \$440,577 for amounts deemed uncollectible at December 31, 2016. The reserve was not adjusted in 2016.

### Note N- Clearing Agreement

As disclosed in Note A, the Company transferred all proprietary and customer accounts to First Clearing in August 2008 and entered into a Fully Disclosed Clearing Agreement (the "Agreement") to govern the clearing, execution, and other services to be provided. The Agreement with First Clearing was renewed for four years on September 1, 2015. As part of the contract renewal, Huntleigh received a signing bonus of \$300,000. In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 605-50, Customer Payments and Incentives, this amount has been recorded as deferred revenue within the accompanying Statement of Financial Condition, and will be amortized over the remaining term of the Agreement.

In the event that the Agreement is terminated prior to the fourth anniversary of the renewal date (renewal date noted as September 2015), Huntleigh would be required to pay a termination fee of up to \$250,000 to First Clearing, per the termination fee schedule from the contract renewal. In the opinion of management, termination of the Agreement throughout the term of the Agreement is not anticipated at December 31, 2016.

## **Supplemental Schedules**
